*Try Our Optional, Electric Heating Elements! (#9503 Shown)*

Coffee Urn, By Spring USA ~ Constructed with 18/10, Mirror-Polished, Stainless Steel.

Unit holds 12 quarts (3 gallons) of liquid. Coffee Urn features a solid cast, stainless steel faucet, not brass like most others.

Legs have skid & scratch-resistant footing. Fuel holder included. Coffee urns available in 1-1/2, 3 and 5 gallon capacities.

Coffee Urn is NSF Approved.

### Going Green?

Coffee Urn can be used with an Electric Heating Element, Item #9503 ~ Purchase the heating element and do away with the use of canned fuel! Save your facility some \$\$\$!
