

Electric Heating Element

Model #9503

The 9503 heating element has been designed for coffee urns. It is a self-regulating and temperature-limiting element for heating applications where minimum operator control is required. The 9503 is energy-saving and protected against overheating.

Technical Data

Part No.	9503	Power cord:	PVC cable, 8 ft with grounded plug
Operating voltage:	AC100-120V	Protection class:	I (grounded)
Heating power:	170W	Protection type:	IP 54 (protected against water spray)
Operating Current:	1.5A at 120VAC	Weight:	Approx. 1.3 lbs.
Surface temperature:	Approx. 410°F (210°C) when not mounted	Approvals:	UL
Heating element:	Semiconductor heating element (PTC)	Applications:	Coffee urns
Overheat protection:	Built-in safety thermostat (temperature-limiting)		*Continuous heating power only with optimum surface contact between heater and medium to be heated
Heater body:	Aluminum profile, bright anodized		

Accessories & Options

For use with coffee urns

*Note: Specifications are subject to change without notice, please refer to website for the latest specifications.
One-year warranty.*
