

MAX Induction Countertop Griddle Overlay Attachment

SKU: SMG251-6

Harness the power and precision of induction to effortlessly cook griddle favorites with the Spring USA MAX Induction extra-wide stainless steel griddle overlay attachment.

Safer and more energy-efficient than gas or electric griddles, the MAX Induction Griddle Overlay was designed for use with Spring USA's SM-251-2CR & SM-253-2CR Reconfigurable Double Induction Ranges (sold separately).

Highlights:

- 10 mm thick stainless steel cooking surface and hard chromium plating
- Larger surface area than other induction griddles on the market
- Designed for use with, and retrofits, Spring USA SM-251-2CR & SM-253-2CR Reconfigurable Double Induction Ranges
- Integrated stainless steel grease shoot & removable pan
- Removable handles for easy cleaning and changeover

MODEL	DIMENSIONS	COOKING AREA	WEIGHT	PLATING	HANDLE
SMG 251-6	32.25" x 15.25"	28.25" x 15.15"	54 lbs	Hard Chromium	2

FEATURES |

Durable Construction

Constructed with a 10 mm thick stainless steel cooking surface and hard chromium plating, the MAX Induction Griddle Overlay quickly and securely fits on top of Spring USA's double reconfigurable induction ranges (sold separately).

Safe, Efficient Cooking

Harness the power and precision of induction to effortlessly cook breakfast items, burgers, cheesesteaks, and other grilled favorites.

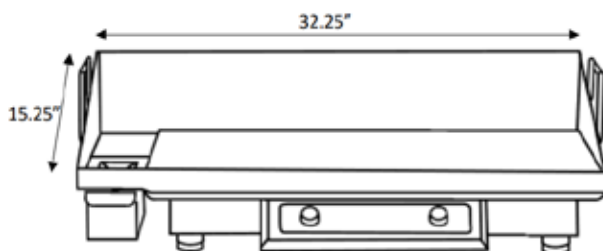

With induction, the griddle heats evenly and efficiently to reduce hot spots, flashpoints, and other hazards.

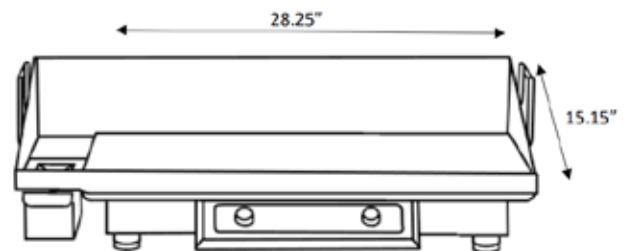

Versatile & Easy to Use

The MAX Induction Griddle Overlay is equipped with a stainless steel grease shoot, removable grease pan, and two removeable handles for easy cleaning and changeover.
