WYNWOOD

*A UNIQUE & VERSATILE STAINLESS STEEL &
WOODGRAIN FINISHED BUFFET COLLECTION.*

A UNIQUE & VERSATILE WOODGRAIN FINISHED BUFFET COLLECTION.

Skyra and Spring USA bring you an exclusive collection of serving and buffet-ware that combine stainless steel with the warmth of wood to create functional and food-safe products for commercial environments.

The WYNWOOD collection addressing the desire to bring natural wood elements to food serving and display while meeting requirements for durability and safety required for food serving and cleaning. This innovative line of products created exclusively for Spring USA are food-safe, non-porous, easy to clean, and do not breed bacteria or warp in extreme temperature conditions.

- ✓ Intelligent, modular series
- ✓ Natural look with modern design
- ✓ Custom hydro dip woodgrain coating withstands extreme temps
- ✓ Wood composite material resistant to bacteria

WHAT IS HYDRO DIP WOODGRAIN COATING?

The Wynwood collection combines the warmth of natural wood with food-safe materials to alleviate issues when utilizing wood in commercial foodservice environments. Wynwood stands and servers include hydro dipped components such as handles and legs.

The hydro dip woodgrain coating is applied over metal to give a beautiful, natural wood appearance while remaining food-safe, easy to clean, bacteria-free, and warp-resistance in extreme temperatures.
