Description:

The Vision induction chafer was the first on the market with a glass lid to allow guests and operators to see contents without letting heat escape. Constructed of highly polished 18/10 stainless steel, the Vision round server is the ultimate choice for style and performance.

Standard Warranty:

Lifetime Spring USA warranty covering welds, non-maintenance items, or manufacturer defect

Construction & Performance Features:

- Premium, highly polished 18/10 stainless steel
- Elegant, high-polish metal T-shaped handle
- Easy view glass window
- Removable inserts make serving and cleaning easy, sold separately
- Unique condensation return design
- Axles glide smoothly and hold cover open at any angle
- Etched water fill line indicates easy filling without overfilling
- Stand available for use with sterno/canned fuel

Notes & Conditions:

1. Spring USA Induction Servers and Induction Warmers/Ranges are designed to work together as a system. Optimal performance is achieved by using Spring USA components in conjunction with each other. As the first to offer such induction systems, Spring USA cannot warranty the performance of facsimile products offered by other companies.
2. The Vision Induction Buffet Servers are designed to maintain temperature, they do not cook or continue to cook food.
