

## **NEW!** **FIRE SUPPRESSION**

### **MAX INDUCTION MOBILE COOKING STATIONS**

**Scan to Learn More**

**Equipped with an integrated Buckeye Fire Suppression System, 4-stage air filtration system, and our MAX Induction Ranges, our Fire Suppression Mobile Cooking Stations (MCS) offer safer, more efficient high-power cooking for onsite cooking for hotels, restaurants, event spaces, ghost kitchens, grocery stores, convention centers, and more.**

- Four standard models for either wok, griddle, or high-power 5200W or 7000W induction cooking
- Buckeye UL300 Fire Suppression System
- Listed in compliance with ANSI/UL710B & ANSI/NSF2 standards
- MAX induction ranges offer more energy-efficient & precise heating
- 4-stage, self-contained air filtration system captures emissions exceeding NFPA-96 & ANSI/UL710B requirements
- LCD touchscreen menu & diagnostic reporting
- Versa-Gard<sup>TM</sup> premium food shields
- Commercial-grade stainless steel construction
- Locking & swiveling casters, 800 lb. rating
- Double towel bars & removable cutting board
- Expertly welded in the USA with fully sealed welds

### **Fire Suppression MAX Induction Griddle Mobile Cooking Station, 5000W**

**SKU: MCS-59-FPS-SP251G**

- Includes double MAX Induction range - 2500W, 240 V, 10.4x2 amps, 60 Hz
- Removable griddle overlay attachment with large 28.25" cooking surface
- Attachment securely fits on top of the MAX Induction Reconfigurable Double Induction Range
- Inlay grease chute & pull-out drawer
- Removable handles for easy cleaning and changeover

### **Fire Suppression MAX Induction Wok MCS Cooking Station, 7000W**

**SKU: MCS-59-FPS-SP351WCR-2**

- Includes two MAX Induction Wok Ranges - 3500W, 208-240 V, 14.6 amps, 60 Hz
- Concave tempered, black, smoked glass surface for a perfect fit of wok cookware that evenly heats the entire pan surface
- Efficient, high-power air intake system
- Knob-set thermostat control with 20 temperature settings and digital LED display

### **Fire Suppression MAX Induction Mobile Cooking Station, 7000W**

**SKU: MCS-59-FPS-SP350-2**

- Includes two MAX Induction Ranges - 3500W, 38A, 208V AC, 1pH, 60 Hz
- Easy to clean, 5 mm thick, tempered glass cooktop
- Efficient, high-power air intake system
- Knob-set thermostat control with 20 temperature settings and digital LED display

### **Fire Suppression MAX Induction MCS Cooking Station, 5200W**

**SKU: MCS-59-FPS-SP261-2**

- Includes two MAX Induction Ranges - 2600 W, 208-240 V, 10.8 amps, 60 Hz
- Easy to clean, 5 mm thick, tempered glass cooktop
- Efficient, high-power air intake system
- Knob-set thermostat control with 20 temperature settings and digital LED display
