DESCRIPTION

These commercial electric smokers produce authentic cold-smoked flavor for charcuterie, cured meats, seafood, cheeses, and gourmet menu items. Using natural hardwood sawdust, they create cool, even smoke that enhances flavor while preserving moisture without cooking the product.

FEATURES:

- Portable, easy-to-operate countertop design
- Ideal for smoking fish, meats, poultry, cheeses, and charcuterie
- Cold smoking enhances natural flavor while preserving moisture
- Includes stainless steel cover and oak hardwood sawdust
- Electrical heating element with timer for consistent sawdust ignition
- Produces authentic smoked flavor using natural hardwood sawdust
- Easy to clean and maintain

WARRANTY

One-year limited parts & labor

CERTIFICATIONS

- CE approved

APPLICATIONS

- Ideal for charcuterie programs, gourmet restaurants, butcher shops, delicatessens, smokehouses, hotels, catering operations, wine bars, and specialty food retailers
- Smoke is produced by the slow burning of beechwood sawdust, & then gets cooled in the smoke oven to provide even smoking
